[linkedin.com/in/z33shan4li](https://www.linkedin.com/in/z33shan4li)

As a senior software engineer with over seven years of experience, I specialize in full stack .NET development, Angular, and MSSQL. I have expertise in ASP.NET MVC, Web API, Web Forms, Win Forms, .NET Framework, .NET Core, .NET 6, .NET 7, .NET 8, and a working knowledge of React and React Native.

I excel in Agile and Scrum methodologies and have led cross-functional teams to deliver high-quality software solutions. Continuously learning and staying updated with the latest technologies, I am dedicated to delivering innovative and collaborative software solutions.

---

## Top Skills

C#, .NET Framework, ASP.NET MVC, .NET Core, ASP.NET Web Forms, ASP.NET Win Forms, Angular, Entity Framework, ADO.NET, SQL, JavaScript, jQuery, HTML, Bootstrap, CSS, REST Api, Soap Service, DevOps CI/CD

## Summary

- Follows Agile Software development especially scrum.
- Strong object-oriented programming skills in C# and JavaScript.
- Experienced in Analysis, Design & Development of Enterprise Applications in ASP.NET MVC, ASP.NET Core, Web Forms and Win Forms.
- Excellent understanding of C#, .NET Framework, Asynchronous programming & Design patterns.
- Well-versed with service-oriented architecture.
- Experienced with front-end technologies like JavaScript, jQuery, Bootstrap, NPM, HTML, CSS.
- Working knowledge of Angular and React Native.
- Strong concepts of Relational Databases, SQL and ORMs like ADO.NET Entity Framework.
- Worked with Git, TFS (DevOps), SVN version control tools.
- Worked on DevOps CI/CD for automated deployments.
- Good understanding of SOLID design principles, Unit of Work & Dependency Injection.
- Strong communication and presentation skills. Able to deliver point of view effectively.
- A quick learner with the ability to solve complex problems in minimum time.

## Work Experience

### NRI Australia & New Zealand, Brisbane, Australia

#### Senior Developer

APR 2023 – PRESENT

- Working directly with Election Commission of Queensland as a managed serviced developer.
- Involved in Analysis, Development and Deployment of Election Management System (EMS).
- Involved in creating various windows services from the code base to meet functionality required.
- Managing multiple windows applications to support EMS application.
- Maintaining multiple web applications comprises of multiple public facing and internal processing websites.

**Contour Software, Islamabad, Pakistan****Software Developer**

JUN 2021 – APR 2023

- Worked directly with Constellation Homebuilder Systems, Inc (Canadian Software House) as an offshore extension.
- Involved in Analysis, Development and Deployment of ERP.
- Involved in managing system using Angular Typescript.
- Involved in managing Web API using ASP.NET using .NET Framework.
- Involved in migration existing client data from desktop to Web using Sql scripts.

**Synetec (Pvt) Ltd, London, United Kingdom (Remote)****Software Developer**
